

For the Belgian television program *Children of the Sun*, the television company Jok Foe was in search of a flexible and well organized company that could arrange several practical things for us. The services of the Bodex Travel & Yachting Agency were excellent. The manager of this company, Sukru Gozutok, arranged for us a very pleasant journey on the Turkish gullet *Cemre 4*. I can highly recommend others to contact Bodex Travel & Yachting Agency when traveling to Turkey. The producers, directors and camera crew were very satisfied with the professional help – on every front – of Sukru Gozutok. When you need anything, Sukru will be able to help you.

Celine Van Cauwenberghe
